About SMCL Marine

SMCL Marine India Pvt. Ltd. specializes in delivering high-quality vessel inspection services across **all major ports in India**. Incorporated in 2018 by experienced maritime professionals, bringing together over 100 years of combined industry knowledge. We offer quality and cost-efficient condition assessments for all maritime assets.

Our **in-house team of expert Technical Superintendents**, including Chief Engineers and Sailing Masters, ensure that every inspection is thorough, accurate, and aligned with industry best practices. Whether inspecting Oil & Gas tankers, Bulk & Dry Cargo vessels, Passenger ships, or Offshore assets, we are equipped to provide detailed, and focused reports that support our clients' operational and business requirements.

**Covering all
Indian Ports**

A photograph of a person from behind, wearing a yellow hard hat and a high-visibility yellow vest over a blue shirt. They are standing in a port or industrial setting with blurred lights and structures in the background. The image is partially covered by a dark blue geometric shape in the top left and bottom right corners.

Your most preferred partner in Indian ports

➡ Our Mission

We strive to be the preferred partner for vessel inspections by delivering services rooted in transparency, efficiency, and attention to detail. Our goal is to provide reliable, high-quality, and timely inspections that help our clients make informed decisions and ensure their vessels meet the highest safety and compliance standards.

➡ Our Vision

We aim to be India's leading provider of vessel inspection services, recognized for our commitment to excellence, reliability, and expertise. By consistently delivering accurate and cost-effective inspection solutions, we seek to build long-term partnerships that drive operational success for our clients.

Our Services

1. Technical Inspections

➔ Pre-Purchase Condition Assessment

A thorough evaluation of a vessel's condition, helping buyers and sellers make informed decisions with clear, comprehensive reports.

➔ Pre-Sale Condition Assessment

Ensure your vessel is in prime condition for sale with detailed inspections and professional documentation.

➔ Technical Superintendent Vessel Inspection

Routine inspections by technical superintendents to ensure optimal vessel performance and operational efficiency.

2. Marine Inspections

➔ Accident/Incident Investigation

Detailed investigations into accidents or incidents, providing actionable insights to prevent future occurrences.

➔ Damage Surveys

Expert evaluation and documentation of vessel damage, assisting with insurance claims and guiding necessary repairs.

➔ ISM/ISPS/MLC Audits

Internal audits for safety, security, and labor standards compliance, preparing your vessel for external inspections.

➔ Damage Surveys

Evaluate and document vessel damage to assist with insurance claims and guide necessary repairs.

➔ Engineering Audits

Comprehensive audits of your vessel's engineering systems to ensure efficiency and compliance with industry standards.

➔ Environmental Audits

Adherence to environmental regulations with detailed audits of pollution control measures and sustainability practices.

➔ Pre-Tanker Vetting SIRE 2.0 Inspection

Preparation for tanker vetting inspections through a thorough review of compliance with SIRE 2.0 standards.

➔ Pre-PSC Inspection Preparation

Minimize the risk of detention with careful preparation for Port State Control inspections, addressing potential deficiencies in advance.

3. Commercial Surveys

➔ Bunker Surveys

Accurate assessments of bunker fuel quantities, ensuring transparency and compliance with charter agreements.

➔ On Hire / Off Hire Surveys

Precise condition documentation at the beginning and end of charter periods to protect both parties' interests.

➔ Cargo Surveys

Detailed inspections of cargo conditions and handling to ensure compliance and protect asset value.
